Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I need to creat campaigns quickly • I need to review our previous campaigns • I have hundreds of leads to analyze	THINKS • Which leads are most likely to convert? • Which customers should my team contact first?" • "Can AI help me make better marketing decisions?"
PERSONA NAME (Role / User Type)	
DOES • Reviews lead scores and customer segments. • Prepares sales pitches and customer talking points. • Uploads CSV files containing customer leads.	FEELS • Uncertain about which leads deserve priority. • Pressured to produce results quickly. • Overwhelmed by repetitive manual work.
